Call 2-27-20 summary.docx

All,

Attached is the meeting summary from today's call which includes next steps. I've also attached a draft (rough draft) of preamble and reg text language for the partial assumption as a format to follow. Look for me to reschedule next week's workgroup call – Ruth will lead and we will walk through drafts of completed options tables.

I've attached a pdf of the original options selection briefing paper (note we also supplied the background papers we've all be reviewing) so the options section 2 folks can look at how the briefing paper/table that was compiled. Ruth will send table template for folks to fill in with the options and discussion.

**Next steps:**

1. Workgroup to send comments on Mitigation paper to Bob (cc Kathy) who will update papers and create table in Brittany's absence.
2. Options selection briefing – development of materials
  - a. Ruth will send options selection 1 briefing paper out to workgroup to refresh memory on table format and a blank table for issue leads to complete for their issue.
  - b. Wkgrp members with lead for an issue will craft the table of options for their issue by COB Tuesday and send to the group for discussion on Thursday.

- c. Ruth, Kathy or someone and HQ will merge all the tables into a final document for the options selection meeting
- 3. WKGP leads for issues in Options Selection 1 to begin crafting preamble and reg text for WKGP review
  - a. Kathy to send example draft of Partial Assumption issue – Note, these can be written as stand alone preamble we will weave together later.
